DECEMBER NEWSLETTER

STRATEGIC PLANNING SESSION

The Kluane Dana Shäw Limited Partnership (KDSLPL) has seen a lot of growth and change over the past six years since the start of the organization. As a result, the Board of Directors and staff decided to take initiative to update the corporate strategic plan with a view to strengthen our investment and partnerships opportunities, improve governance and decision-making processes, ensure organizational value alignment, and better our communications with our stakeholders. While the corporate strategic plan is still under development, we are excited to preview our revised draft vision statement:

“Generational wealth and shared prosperity for the people of Kluane First Nation”

We are making sure our guiding principles match our KFN values. For more information, please check back with us in the new year.

EXECUTIVE DIRECTOR UPDATE

Shāw Nīthān Łü,án mǎn keyi!

It has been a pleasure to serve my community and to work with everyone to build the business and investments we have today. I have been working with Kluane First Nation for the past six years in the business development role. It is never an easy decision to move on from all the work and being active in the community, however, the time has come for the Kluane Dana Shaw to appoint a new Chief Executive Officer and President. If you are interested, please see the posting below.

Kluane First Nation has been a leader as far as developing business on strong governance models. Recently, we have completed the Kluane First Nation Corporate Reorganization project that will keep all corporate taxable income in Kluane First Nation. This was big step in the right direction, which will help our people prosper in the long run.

I would personally like to thank the community for the support and feedback over the years that has led to our business decisions and new structure. I look forward to being in the community and on the land, as a citizen.

Nānuchi,sh,j.,
